

Testing laboratory of heat engineering

Dear business partner,

as the Notified Body Nr. 1299 and accredited testing laboratory, we would like to offer you our services intended for your focus of business activity.

We are accredited by the Slovak National Accreditation Service and provide our clients with testing and issue of the certificate for following products:

GAS APPLIANCES BURNING GASEOUS FUELS

Gas-fired central heating boilers and gas-fired heating boilers (EN 15502-2-1, EN 15502-2-2, EN 303-3)

Cookers (combined cookers) used for households (EN 30-1, EN 30-2)

Gas appliances for gastronomy use (EN 203-1, EN 203-2)

Gas-fired convection heaters (EN 613)

Non-domestic forced convection gas-fired air heaters (with exchanger, without exchanger) (EN 1020)

Gas appliances for outdoor use (EN 497, EN 498, EN 521)

Domestic flueless space heaters (EN 449)

Non-domestic gas-fired forced convection air heaters for space heating not exceeding a net heat input of 300 kW (EN 621)

Gas-fired storage water heaters for the production of domestic hot water (EN 89)
